Our mission

Offer excellent education and performance opportunities in music, drama and art for everyone.

We offer year-round individual lessons, group classes, performance opportunities, and charitable outreach programs in music, art, and drama to over 1,300 students annually. These programs enhance the lives of families in Bucks County, Montgomery County and nearby New Jersey.

Our professional teaching artists provide the highest quality arts education through unequalled commitment to each student. We serve all abilities from beginner to advanced and all ages.

Besides our location in Doylestown, we offer individual piano lessons and group classes in Willow Grove. We have formed a relationship with Jacobs Music to offer the same high quality lessons in this new location. Call for details.
